

FREE!

Parents' Night Out

Do you have a child with autism or other developmental delays? We are offering you a **FREE** night out to use however you wish...

Location: Near Armitage & Elston in Bucktown
(773) 620-7800 • ChicagoTherapeuticPreschool.com

CST Academy, a top therapeutic preschool program located in Chicago, is sponsoring this initiative with Chicago ABA Therapy.

Our goal is to offer you a monthly "date night" or "parent(s) night out."

Essentially you would drop your children off at our play space (along with other families to whom we offer), and our team would watch, engage, and entertain your children while you have some time to yourself.

Our team is a group of therapists and aspiring therapists with expertise in speech and language development, occupational therapy, feeding therapy, and ABA therapy. They are amazing with special needs children – this is their life's passion.

You can use this evening to go to dinner with your spouse, shop, get that long-overdue mani or pedi, or something else to your liking. What you do with this well-deserved break is up to you!

Although the cost to host these "Parents' Night Out" would be substantial, this would be *FREE* to you. A small donation to offset our costs would be appreciated, but not required.
