

early intervention
RESEARCH GROUP

DOES YOUR CHILD HAVE HEARING LOSS IN BOTH EARS?

*We're looking for families to participate in studies looking at the effects of a **language intervention** for toddlers with hearing loss.*

Your participation includes:

- 24 months of participation
- Assessments in your home
- Speech and language reports about your child's development
- A parent handbook with strategies to use with your child
- Compensation for your time
- Some families will be randomly selected to receive additional language therapy.

Eligibility:

- Your child is less than 19 months old
- Your child has hearing loss in **both ears** and uses one of the following:
 - Hearing aids
 - Bone conduction device
 - Cochlear implants
- Your child has one caregiver who uses **spoken** English with your child
- Your child hears mainly English in the home
